

Brief description

The 33ft ELA Offshore PREMIUM PLUS Container is specially designed for offshore use and is **applicable for non-hazardous areas**. The containers are applicable on offshore units such as platforms, rigs, jack-up barges and pontoons.

Every Container is basically equipped with...

- + interior corridor with two separate rooms
- + B15 walls and ceiling with A0 insulation
- + B15 internal doors and A60 outer doors
- + A60 window 600 x 800 mm in each cabin
- + a prewiring for connection to existing PA/GA-System
- + power and internet sockets, switches, lights, loudspeakers
- + HVAC-System for heating and cooling (-20° to +40 °C)
- + air circulation system in all cabins and corridor
- + fire dampers and fire extinguishers
- + internal piping and cable connections

Every Container gets his purpose through additional furniture as...

- + living quarter, office, meeting room, laundry, storage room, drying or locker container, kitchen / dining container, sanitary room

Advantages of 33 ft ELA Offshore PREMIUM PLUS Containers:

- + for stand-alone use or linkable to complete facilities
- + "Plug & Play", ready for immediate use
